BATHING IN LUXURY - CEU

- Accredited by: ASID, IIDA, IDC, NARI and AIA
- Credit: 0.1 (1.0 hour)
- Subject Code: 4
- Classification: Kitchens/Bathrooms

Course Overview

This course focuses on how the bath and bathtub should be incorporated in more design specs. It will also cover several strategies when designing the bath area and how these improvements will quantify to the value of the home. Finally, it will cover the intangible aspects of these improvements such as its influence in lifestyle, health, and wellness.

Attendees will come out of this CEU with an understanding of the following:

1. Comprehension in strategies for designing the bath area
2. Awareness of bath improvements related to the value of homes
3. Deep impressions of how bathtubs are influencing lifestyle, health, and wellness
